

Dear Students,

Kindly do you holiday homework in your English notebook.

I) Comprehension Passage: Read the comprehension passages and answer the following questions:

Our Society and Environment

The environment has become one of the most important issues of our time and will continue to be well into the future. The challenge is to find approaches to environmental management that give people the quality of life they seek while protecting the environmental systems that are also the foundations of our well being. In order to face these challenges, students today will need more than superficial knowledge or awareness of disconnected environmental issues. A multidisciplinary approach to learning can build upon the strengths of a wide range of fields of study, providing a deeper understanding of the technological, political, and social options and strategies for both studying and managing the relationship between our society and the environment.

Q1. What is the title of the paragraph?

Q2. What can a multidisciplinary approach to learning do?

Q3. What is the most important issue of our time?

Q4. What is the challenge of environmental management

Q5. What should be done to face these challenges?

Paragraph -2 Maintain Good Health

Good health is a secret of every happy man. There is an old saying, 'Health is Wealth'. Staying healthy for children is vital for proper growth and development of mind and body as they need to focus in the class and fully participate in the activities on the field. Parents must take their children for medical check-up and learn from experts about their development in terms of height and weight, as it has a huge impact on their overall performance and efficiency. If you are strong and healthy, you can be a shining example to others and teach them how to achieve vibrant health.

Q1. What is the secret of a happy man?

Q2. Why is it important for staying healthy?

Q3. Why is medical check-up necessary?

Q4. What are the effects of being healthy?

Q5. What is the title of the para?

Q2. Create 2 slogans of your own which focus on conservation of our environment.
