

Happy
Holidays

Class: 4th

Subject: English

1. Learn and write the covered syllabus of U1 of both English Literature and English Grammar.
2. Write a short note on your favourite cartoon show. Also make a drawing of it.
3. Do creative writing on "A school is a temple."
4. Design a poster promoting "Do not waste paper."

Mathematics

1. Do revision of chapter-1 Numeration of large numbers and chapter-3 Operation on whole numbers.
2. Do 2 sums each of addition and subtraction and 4 sums each of division and multiplication daily.

Activities:

1. Make a 3X3 grid on a calendar month and draw a square box around it.

Now, find the total of all the nine numbers in the table.

- a) Take the smallest number in the square and add 8 to it.
- b) Multiply the answer by nine.
- c) Check by actually finding the total of all nine numbers.

Try this out for different months.

2. Complete the pyramid by finding out the missing numbers.

3. After performing all the operations that are indicated and end up with the number 97. In the box, what number did you start with?

(Hint start from 97)

4. Two boys participated in a race. They had to cross 5 laps. For each lap Lakshay and Vedant got some points. You need to decide who won by maximum score.

Lap	Lakshay's point	Vedant's point
1st Lap	8000	10,000
2 nd Lap	20,000	25,000
3 rd Lap	35,000	20,000
4 th Lap	40,000	28,392

Now answer the following questions.

- Who wins at the end?
- Write the best score of Lakshay in words.
- Write the best score of Vedant in words.
- In lap2, by how many points Vedant beat Lakshay?

Project work:

Define and draw different types of angles such as acute angle, obtuse angle, right angle and straight angle on a chart and decorate it beautifully.
