Coronavirus is a kind of common virus causing infections to humans, mammals, and birds. In humans, coronavirus can cause respiratory infections in the nose, sinuses, or throat. Most coronavirus is not dangerous while some are serious like SARS and MERS.

The coronavirus gets its name from their protein spikes similar to the solar corona. Symptoms of this coronavirus in humans include cough, fever, throat infections, and respiratory problems. Not all coronavirus are lethal but some are severe to cause death.

The current outbreak of novel coronavirus (2019-nCoV) was identified in China and has killed many people. Thousands are said to have infected across the world in Europe, Australia, and North America at the start of March 2020. Covid-19 is the name given by WHO (World Health Organization) . covid-19 stands for coronavirus disease of 2019.

1. Coronavirus infects _____, _____, and _____
2. What are the dangerous variations of Coronavirus?
3. Why this virus is named Corona?
4. What are the symptoms?
5. Who named the virus?
6. What does covid-19 stand for?

Types of plants

TREES

Trees are tall and strong plants.

They have one **hard** and **thick** stem called **trunk**.

The branches grow very **tall**.

BUSHES

Bushes are smaller than trees.

They have lots of short, **thin** and **hard** stems.

The branches grow **low**.

GRASSES

Grasses are small plants.

They have flexible, **thin**, **soft** stems.

1- Drag and drop:

They have lots of thin and soft stems.

They are tall.

They have one hard and thick trunk.

The branches grow very tall.

They have lots of thin and hard stems.

The branches grow low.

2-What is this? Choose tree, bush or grass.

Here are some precautions you and your family can take to help avoid infection from corona virus:

1. Wash your hands frequently using soap and water or an alcohol-based hand rub.
2. Cover mouth and nose with flexed elbow or tissue when coughing or sneezing. Dispose off the used tissue immediately after use.
3. Clean the toys at least once a day.
4. Don't come in close contact with anyone who has a cold, fever or flu-like symptoms.
5. Enjoy indoor activities. Children with fever, cough and running nose should not be allowed to meet others especially the elderly/grandparents.
6. Don't forget to have a nutritious food with plenty of water. Eat citrus fruits (orange, lemon, grape fruit) and vegetables which are rich in vitamin C, vitamin D containing foods (cheese, egg yolks) and zinc-containing foods (legumes, lentils, beans, and nuts).

STAY HOME, STAY SAFE

HAPPY HOLIDAYS
